

The Illinois Department of Public Health has granted clearance for Region 8, which includes DuPage County, to return to Tier 2 mitigations. According to the State of Illinois, Tier 2 mitigations may be applied to regions that are experiencing a sustained resurgence of COVID-19 or regions that have been under more stringent Tier 3 mitigations but have not yet achieved metrics that allow for a resumption of either Tier 1 or Phase 4 Restore Illinois activities. If a region again experiences a sustained resurgence of COVID-19 with Tier 2 mitigations in place, a return to stricter measures may be necessary to curtail the further spread.

Now that Region 8 is ready to return to Tier 2 safely, The Wood Dale Park District is prepared to resume limited operations with adjustments in place to maintain a safe environment in which to gather and play. We are excited to welcome the community back to limited in-person, indoor programming while adhering to guidelines established by the Center for Disease Control (CDC) and the Illinois Department of Public Health (IDPH) as it pertains to public parks and recreation activities and facilities.

Ongoing updates will be featured on the website and on social media. Further information may be obtained by calling the Recreation Complex Front Desk at 630-595-9333.
