

Swim Lessons

Parent/Child and Preschool Lessons

These programs are designed to introduce young children and their parents to water experiences in a fun and safe manner. Parents and children explore a variety of pre-swimming activities and begin to focus on water safety knowledge, swimming readiness skills, and aquatic adjustment. **Adult or parent accompaniment in the water is REQUIRED for the Parent/Child program and is OPTIONAL for the preschool program.** Each lesson is 30 minutes in length. Missed lessons cannot be made up. A certificate is awarded to the participants at the completion of the class. Please note that a late fee of \$5 will be applied if not registered by the Friday before next session starting. **No class the week of July 1.**

Youth Lessons

The youth swim lessons program is designed for children to learn swimming techniques and water safety skills based on their skill level. The levels will be determined the first day, as children will have the opportunity to demonstrate their swim ability and will be assessed for their skill level placement. There are six levels and each level introduces a challenging variety of skills and activities for the swimmer. The skills in each level must be reached in order to move onto the next level. Children will learn various aquatic survival and safety skills in order to become a safe, confident swimmer. Each lesson is 45 minutes in length with additional five minutes of supervised free swim. Missed lessons cannot be made up. A certificate is issued at the successful completion of each skill level. Children **MUST** be the stated age required. **No class the week of July 1.**
